Peschiera Borromeo, 6th February 2026

TO ALL THE CUSTOMERS

Object: application of the Reach**Communication concerning the application of the European regulation CE n ° 1907/2006**

Eure Inox s.r.l. manufactures and sells steel bars and wires.

As for the applicability of the "Reach Regulation" to our activities, this is our position:

- Within the scope of application of the "Regulation" in question, manufacturers, importers and downstream users of chemical substances and / or preparations are included (Title I, Chapter 1, Article 1, paragraph 3 of EC Regulation 1907 / 2006)
- Downstream Users, as producers of objects whose particular shape, surface or design determine their function predominantly with respect to the chemical composition, are defined as Article Producers (Title I, Chapter 2, Article 3, Paragraph 3 of EC Regulation 1097/2006)
- Each Manufacturer or Importer of items is required to register if:
 - o The substance is contained in these articles in quantities totaling more than 1 ton / year
 - o The substance is intended to be released under normal or reasonably foreseeable conditions of use (Title II, Chapter 1, Article 7, paragraph 1, letter a + b)

Given what is indicated in point 3 of this declaration and in article 7 paragraph 2.b of the regulation 1907/06 (substances that present danger to man and the environment are absent or have a single concentration <0.1% by weight) **it is declared that the products supplied by Eure Inox s.r.l. are to be considered articles exempt from the registration obligation.**

Further exemptions from the registration requirement, for Eure Inox s.r.l. they are however contained in Annex V of the "regulation".

None of the substances included in the Candidate list at 04/02/2026 is contained in our products.

We will continue to observe the evolution of this list and in case of developments relevant to our production we will inform you immediately.

We will take care to ask our suppliers of chemical substances and / or preparations (eg protective oil for extruding etc.) all the necessary information such as: registration number, authorizations, restrictions, security card updated according to the "Regulations"

We remain at your disposal for any further information.

Sincerely,

Eure Inox s.r.l.
L'Amministratore Unico
